PROFILE

Enthusiastic and motivated Computer Science graduate with a passion for software development and web design. Adept at building dynamic and responsive websites, and familiar with full-stack development principles. Proficient in HTML, CSS, JavaScript, and foundational knowledge in popular frameworks and technologies. Eager to apply my skills in a professional setting and contribute to innovative projects. Possess strong problem-solving abilities, attention to detail, and a collaborative mindset. Looking for an entry-level position where I can grow my skills and make a meaningful impact.

WORK EXPERIENCE

Software Developer

XYLONIC in coimbatore

Mar-2022 to Oct-2022

"I completed a six-month work experience at XYLONIC. During this period, I joined my team and we worked on a project together."

"Employee Management System "

An employee management system is a distributed system designed to systematically maintain employee details and streamline company workflow processes. This project focuses on website development using the React.js framework. My specific contribution to this project is the development of the employee information page.
